

From Infrastructure to Innovation – Your Trusted Technology Partner.

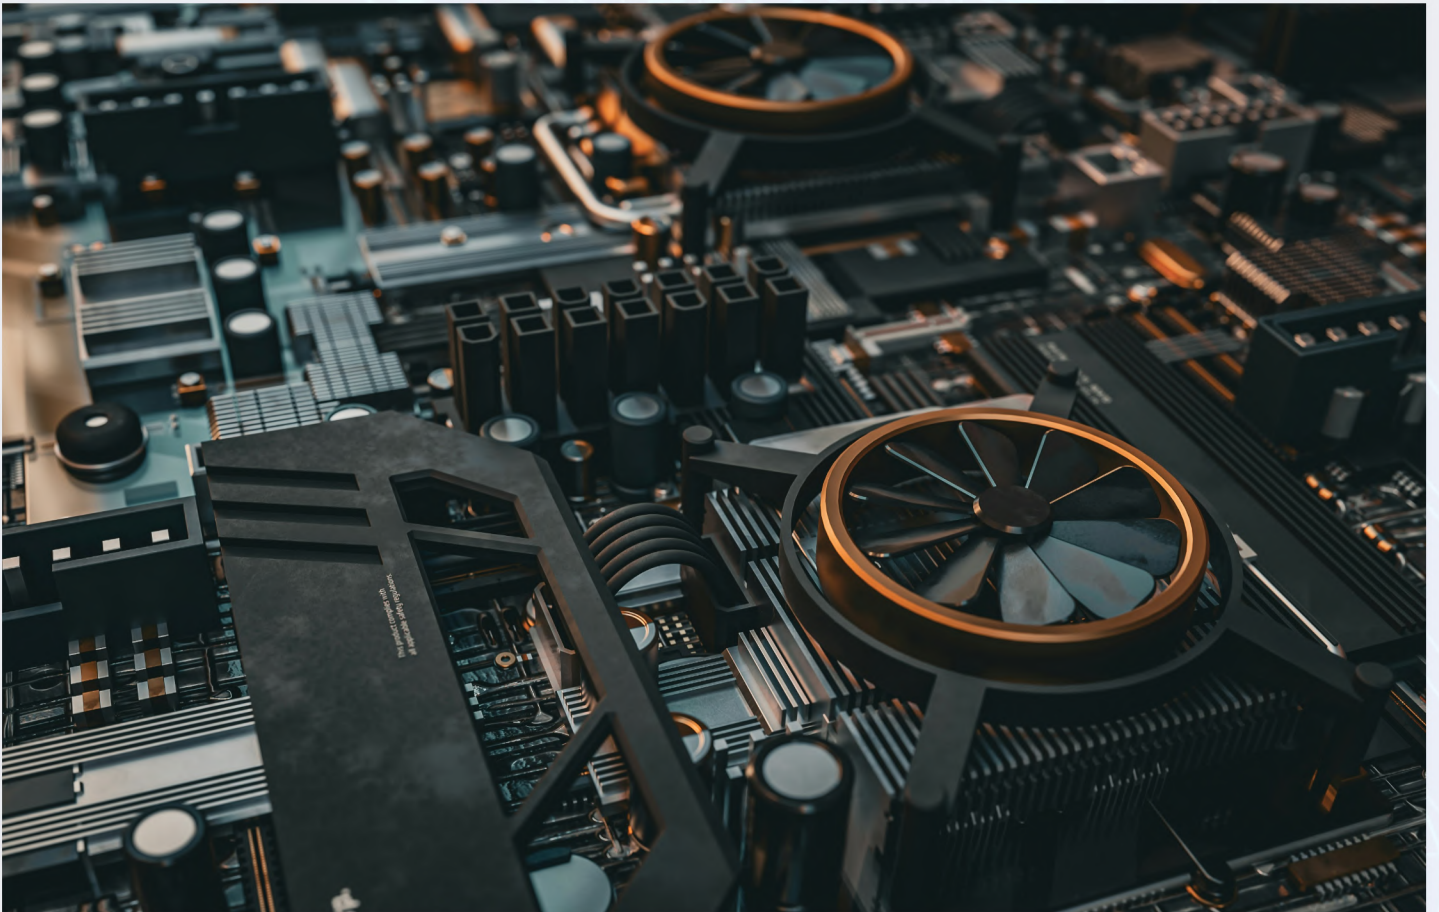

KANTIKA
IMPORT EXPORT & TRADING

INTRODUCTION

Empowering Businesses with Technology, Infrastructure, and Innovation.

Kantika Import Export & Trading Private Limited is an India-based global trading and technology solutions company, built on the principles of trust, compliance, and value creation. Headquartered in Gurugram and serving clients across 15+ countries, our mission is to enable enterprises and financial institutions with cutting-edge IT infrastructure, fintech solutions, and electronic components.

We specialize in servers, storage, networking, conference systems, and semiconductors, supported by a diverse portfolio of banking cards, POS terminals, ATMs, LED solutions, and appliance parts. With certified partnerships, transparent documentation, and robust logistics through free trade zones and bonded warehouses, Kantika ensures that cross-border technology supply is efficient, reliable, and future-ready.

ABOUT US

Who We Are

Industry Expertise

Multiple years of experience in IT infrastructure, fintech solutions, and international technology trade,

Our Approach

A flexible technology supply model that blends direct OEM partnerships with a strong network of local Indian innovators and international suppliers

Key Differentiators

- Comprehensive Portfolio: From servers, storage, and networking to banking cards, POS, ATMs, LEDs, and appliance parts.
- Competitive Pricing: Cost-effective solutions with options for bulk orders and long-term contracts.
- Custom Sourcing: Ability to deliver specialized IT and fintech products worldwide.
- Compliance & Trust: Licensed and certified importer/exporter with adherence to global standards.

Why Choose Kantika?

- Tailored IT Solutions: Customized sourcing and supply designed for enterprises and financial institutions.
- Quality Assurance: Certified products, original packaging, and transparent documentation.
- Global Reach: Presence across 15+ countries with trusted OEMs and local partnerships.

OUR MISSION

We aim to make a meaningful contribution to the world of technology and digital infrastructure.

At Kantika Import Export & Trading Pvt. Ltd., our mission is to deliver reliable, innovative, and value-driven IT and fintech solutions that empower enterprises and institutions worldwide. We are committed to providing high-quality servers, storage, networking systems, banking technology, and electronic components in a way that is efficient, compliant, and tailored to the evolving needs of our clients.

Our unwavering focus is on strengthening digital ecosystems, enabling secure transactions, and building long-term, transparent partnerships. By emphasizing quality, compliance, and sustainable practices, we not only support the growth of our partners' businesses but also contribute positively to the advancement of global technology and connected communities.

Scope Of Work

Our services cover all aspects of technology sourcing, IT infrastructure, and electronic component supply, including but not limited to:

IT Infrastructure & Data Solutions

- Compliance with OEM standards, data security, and international certifications.
- Supply of enterprise servers, storage systems, and hyperconverged infrastructure.
- Tailored IT solutions for banks, enterprises, and government organizations.

Networking & Communication Systems

- Switches, routers, and firewalls for secure, large-scale networks.
- Conference room equipment including smart boards, AV systems, and video conferencing tools.
- Custom integration for enterprise communication and remote collaboration.

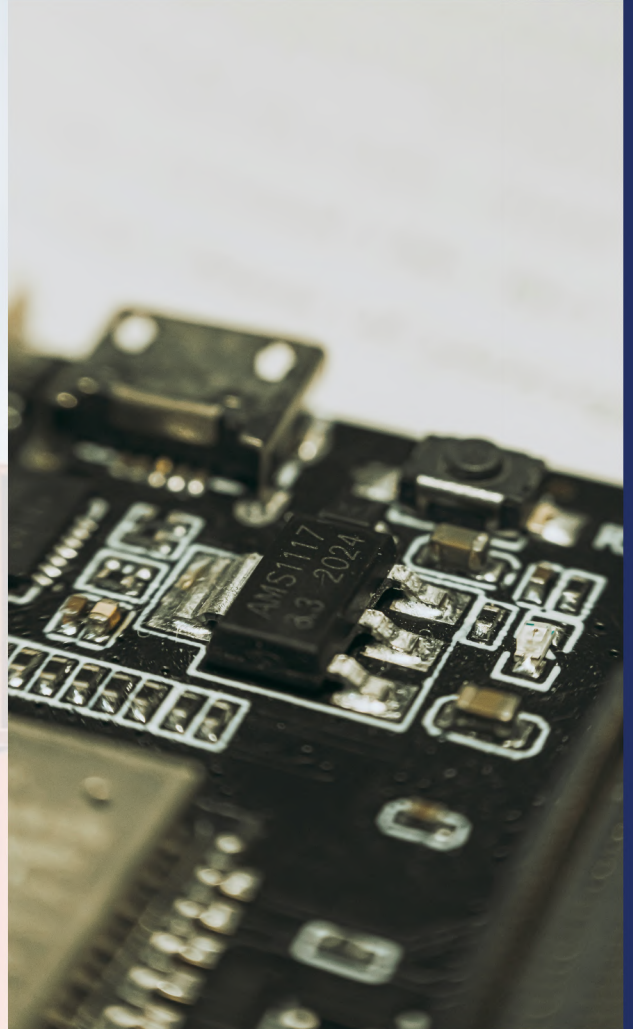

Fintech & Banking Technology

- Banking cards (debit, credit, prepaid, NFC-enabled) from certified manufacturers.
- Point-of-Sale terminals (mobile, countertop, Android-based).
- ATMs and self-service kiosks for banking and retail solutions.

LED & Appliance Components

- Supply of LED lighting systems (commercial, industrial, and smart IoT-enabled).
- Spare parts for appliances, microchips, and semiconductors.
- Custom component sourcing based on client requirements and specifications.

Priority Technology Supply Services

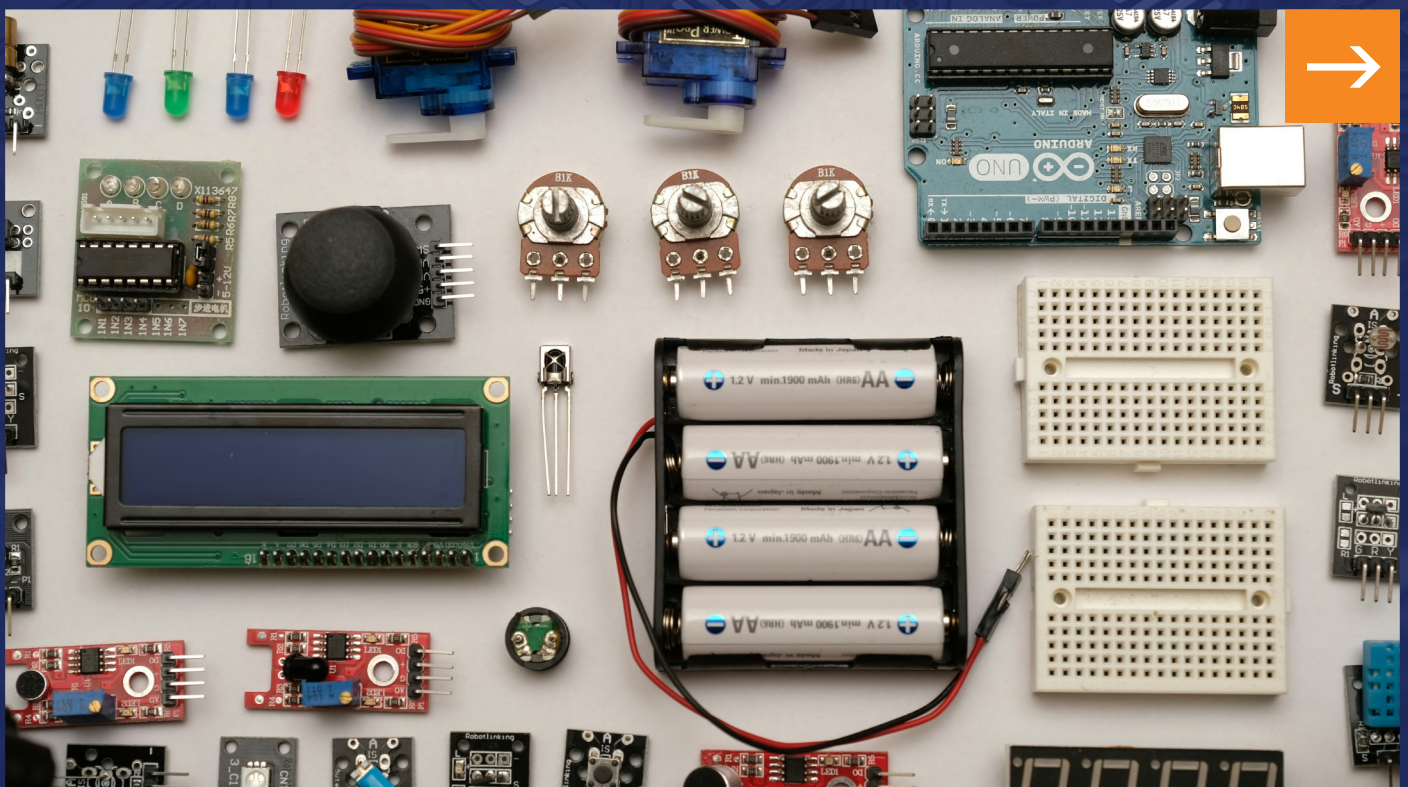

- Immediate response to urgent IT hardware or fintech orders.
- 24/7 support for mission-critical shipments and projects.
- Compliance with global IT trade, import/export, and security regulations.
- Transparent documentation and end-to-end logistics support.

Tailored Technology Solutions for Global Business Needs

1. Long-Term Technology Supply Contracts

2. On-Demand Technology Supply

At Kantika, we specialize in end-to-end global technology trade management: sourcing, compliance, logistics, and delivery. Leveraging trusted international OEMs, local Indian innovators, transparent documentation, and a commitment to excellence, we simplify global technology supply so you can focus on growth while we manage the complexity of infrastructure and sourcing.
